Ruckers Majority 774

Complete official returns from all the counties in the second congressional district are as follows:

Grundy	329	148
Linn	988	791

It will be observed that there was a light vote in each county of the district, and those who know say that had a full vote been out, Ruckers majority would have been near the figures of the past. It will be further observed that Lozier did not get as many votes in this county as Farmer Jones.

Cut With Brush Sythe

William Ogle of Sumner, is employed on the fence gang now at work on the Wabash in this neighborhood. Wednesday as he was working bumble bees got too hot for him and he bolted down the embankment thru the smoke and standing weeds just as another workman whirled his sythe at cutting. Seeing that there was a chance of his head being cut off by the stroke Ogle threw up his arm and the point of the sythe ripped the back of his hand. A local surgeon attended the bad wound and Ogle will lay off for several days.

What a World

If you don't go to church you are not good.

If you go to church you are a hypocrite.

If you dress shabbily you are a failure.

If you dress well you are trying to bluff.

If you don't give to charity you are a tightwad.

If you give to charity you do it for a show.

If you don't drink you are no kind of a regular guy.

If you do drink you are not a desirable person to know.

If you wear a beard it is to hide a homely face.

If you are smooth shaven it is to try to look younger.

If you let your wife waste your money you are a fool.

If you refuse to let your wife waste your money you are a brute.

If you are affectionate to your wife in public you are mean.

If you lose your money you are idiotic.

If you make a lot of money you are a crook.

If you tango you are frivolous.

If you don't tango you are a back number.

If you are poor you are no good.

If you are rich you got it by robbing others.

If you die you dissipate.

If you live to a good old age you attained it thru laziness.

If you die you go to—it is because you deserved it.

If you go to heaven you do it by mistake.

So what's the use?

Rev. Mundy of St. Louis lectured at the county court room Tuesday evening and there was a large crowd of men only to him. He has a voice like all out doors and is a good story teller, especially those got off by negroes and drunks. Rev. Mundy claims to have been engaged in the work he is now at for several years and also that he is the originator of the White Slave idea from which congressman Mann framed the law.

The allowances made to the Courier by the county court this week may lead some to think this paper is getting the big end of the printing but it comes in only one third of what was allowed, the Brunswicker and Press Spectator sharing.
